创意无止境 HAS NO
BOUNDARYS

The Solution For Any F&B Event

F & B 餐 / 饮 / 管 / 理 / 解 / 决 / 方 / 案

A photograph of a diverse crowd of people gathered on a wooden boardwalk or pier at sunset. The scene is backlit by the warm, golden light of the setting sun, which creates a soft glow and silhouettes the individuals. In the foreground, a man with long dreadlocks is seen in profile, looking towards the right. Next to him, a woman with long blonde hair is also in profile, looking in the same direction. To the right, another woman with long brown hair and sunglasses is visible. The background is filled with many other people, some looking towards the water, others talking or looking away. The overall atmosphere is one of a vibrant, social outdoor event.

Mobile Buffet Concept

INNOVATIONS

- up to date
- suiting the demands of today's market

Our PROFESSIONAL DESIGNING TEAM

is backed up by a WELL EXPERIENCED ENGINEERING TEAM, locally and as well as internationally.

From the drawing board to finish – all our products are designed with passion and functionality, giving you the tools for a smooth operation.

ENHANCED DINING EXPERIENCE
With the SICO-SST concept it is easy to impress your guests

FLEXIBILITY AT ITS BEST

Efficient - Save Storage Space - Endless Options

Multi-Flex & EVO

Both of this unique modular designs are easy to use and changes can be made in no time.

The setup possibilities are endless and there are many options to choose from.

*** Start small and add-on whenever needed

The System -

Multi-Flex; comes with a folding leg system, which locks in open and closed position

EVO; comes with a center folded understructure and its own casters

Are you looking for the simple straight forward elegant look or want to go more fancy with our customized designer panels and give the station design your own signature.

Storage Space Saving;

* The Multi-Flex design fits 4 complete sets on two designated trolleys (one for the understructure / middle shelf and one or the modules)

* The EVO design due to its special folding structure only takes up 1/3 of the space compared with a regular mobile station

Module flexibility - most of them come in a very slim height, so as they integrate into the top frame. We offer 1/1, 1/2 and 1/4 modules which gives you endless setup possibilities.

Hidden power management - build-in sockets; all cables run inside of the frame and are channeled down the legs.

MATCH YOUR INTERIOR DESIGN

With our removable designer panels you can easily give your own signature to the stations and make them match your function rooms. If you are looking for additional sets of theme function panels, they are also available and can be easy interchanged.

*For additional laminate options please contact our customer service.

EVO – THE MOBILE FOLDING MODULAR SYSTEM

EVO 布菲概念 – 移动 / 折叠 / 模块

EVO V3 - Most probably the most efficient modular buffet station currently available on the market. Mobility and flexibility in one specially designed understructure with endless options.

MULTI-FLEX – THE ULTIMATE CONCEPT

欧洲款布菲概念 – 最佳设计理念之一

A steady durable folding leg understructure with modular tops.

Designed to give you the ultimate setup options, interchangeable in no time. Ensuring you are ready for any event.

EVO Setup

- Ideal for in and outdoor functions

EVO – EASY / CONVENIENT / SPACE SAVING
EVO 布菲概念 – 简约 / 便捷 / 节省存储空间

ONE PERSON CAN HANDLE THE EVO STATION EASILY;

- Change the modules without any tools
- MOBILITY; this station rolls in open and folded position on its own casters
- This specially designed folding system is a great space saver
- Save labour – save costs

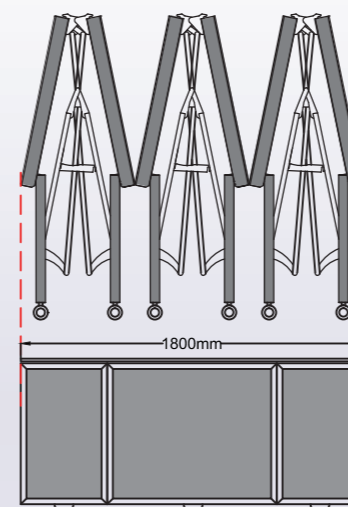

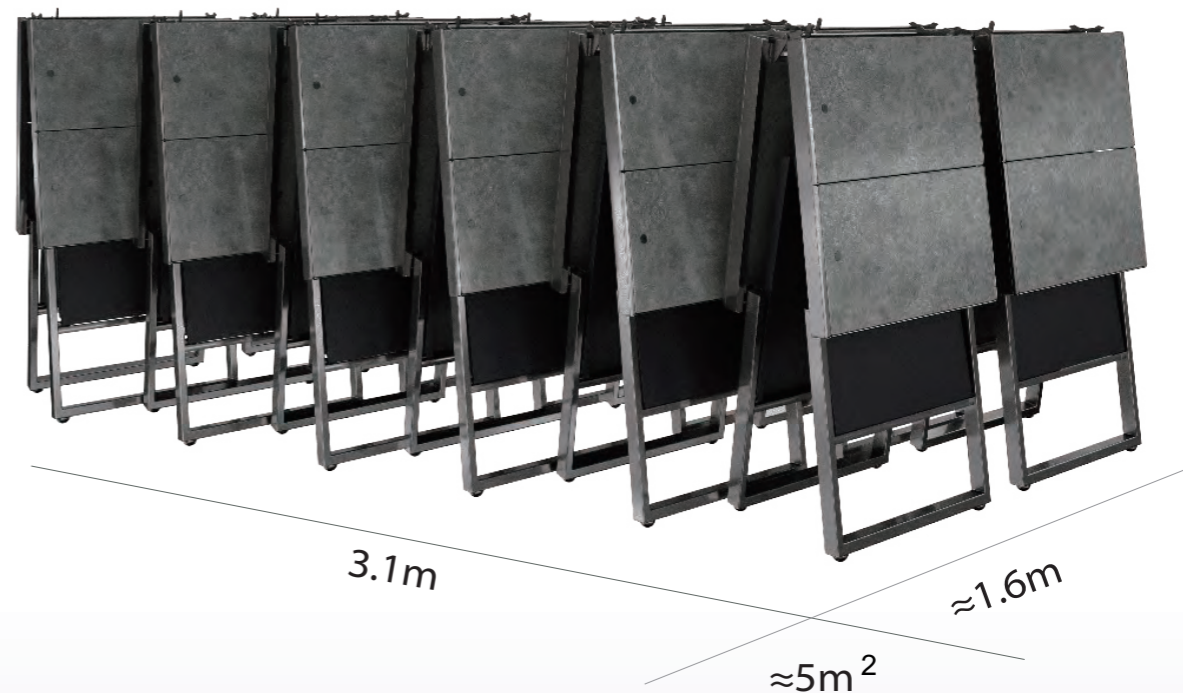

DELUXE CASTERS

- Durable and silent (German Engineering)

DESIGNED TO SAVE YOU SPACE

Sufficient storage space nowadays is rare, that is why we developed the EVO design; MOBILE FOLDING. All the slim modules can stay in the station in operation as well as storage position. Once folded you can store 3 stations in the space of one fixed station.

STORAGE

(Efficiency & Space Saving)
Uses only **1/3** of the space compared to the ordinary buffet station

Endless ADD-ONS
侧台

Mobility; this tables can be fitted with optional casters or transported with the designated trolley

They come in matching materials and finishing to suit the main stations; a must for the perfect buffet line, which gives you great layout possibilities.

*** They are available in 3 different heights (850 / 950 / 1050mm), which gives you elevations within the buffet line

*** For additional working & display space, and are great additions to the action stations, as well for individual smaller cocktail setups

Side Stations - 1/2
(Can hold 2x1/4 or 1x1/2 module)

Easy To Hang A Dazzling Color Screen
新发明：一挂即亮挡板

Removable front panel;
aluminum frame with LED or Designer print-on option

***** Alu-Panel Installation**
Simply hang them onto the frame
(no tools are needed)
LED Light starts instantly (Optional)

SPECTACULAR TV-FRONT PANEL

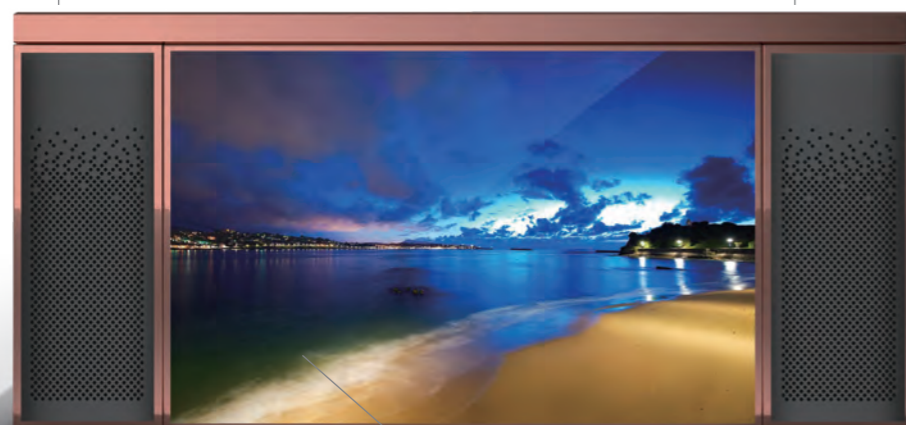

绚丽TV前挡板

We at SICO-SST have developed a frame which can hold a 55" TV Screen, which allows you to change the look of your stations instantly.

*** Your customers can easily upload their Logo, Themes and or whatever they would like to have to fit their particular function

Side Panels

- Standard and Customized Designs are available

Front Panel

- With Internet TV

RICH INTERFACE, VERSATILE & HANDY

Standard HDMI, USB, AV, Ethernet and other useful interfaces; Let you easily get on the net, upload your own creations. The build-in sound system adds to your atmosphere.

FRONT PANEL - WITH INTERNET TV

FEATURES:

- The high-tech TV is protected by an additional aluminum frame, which at the same time makes it easy to hang-on and remove the panel, no tools are needed
- 4K HDR allows clear picture and movie quality
- High performance; 64 bit quad core processor
- The Internet TV comes with standard apps and you can download additional if needed

"CYBER 3" - Multi-Purpose Trolley / Station 多功能服务车 / 服务台

Use it as a mobile Coffee / Beverage Station, Snack setup or as an addition to any food display for your buffet line. How about a modern elegant looking Reception / Pre- function setup?

Change the mood - Use it during the day without the light and impress during the evenings with the LED light feature.

RS7AA-G0001

At the back we have incorporated two drawers and open storage space to suit your operational needs for various setups.

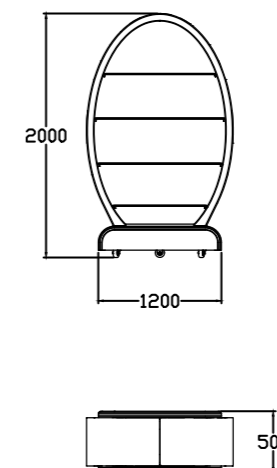

Imported deluxe casters not only make it easy and quietly to move, but also give it an elegant look.

"CYBER 3" - Oval Display Rack 椭圆形移动垂直展示架

A stunning way for any F&B presentations; spice up your standard buffet setups with our vertical displays.

LED Lighting System - it comes with plug in function.

Mobile - they run smoothly on their own caster, hence relocating them is very easy.

Use them individual or combined, and make your own settings; they make great back bar displays and can also be used as island setups for cocktails and buffet lines.

"CYBER 3" - Mobile Bar Modules And More...

智能时空款移动吧台

An innovative way of building your own size bar; easy to setup and relocate, can be setup in many different ways and sizes, that give you additional flexibilities when there are space limitations.

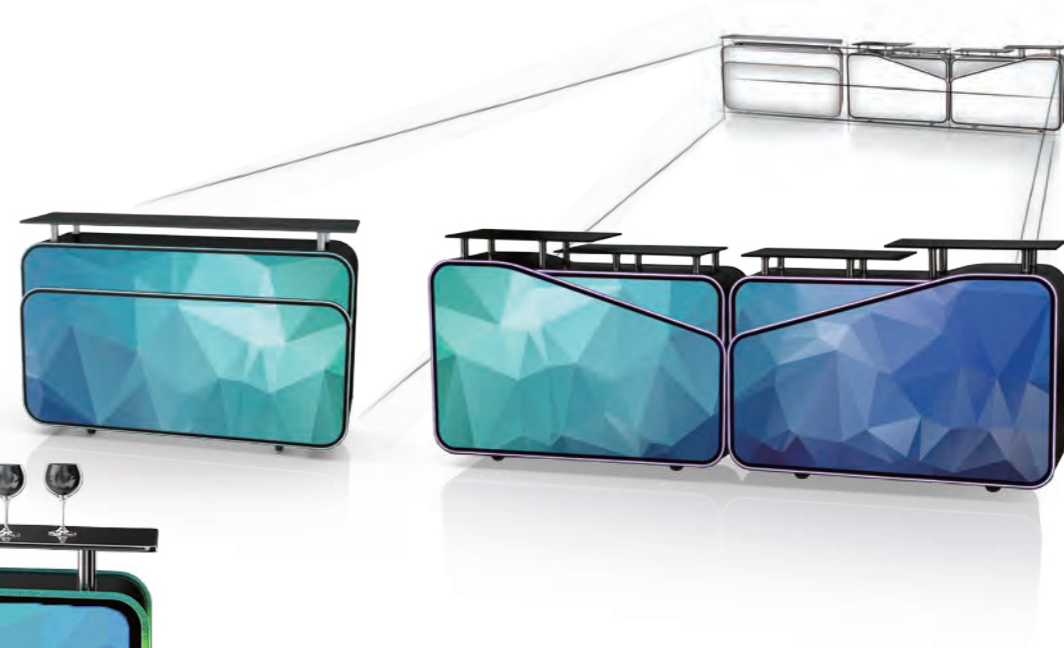

MULTI-PURPOSE

This design comes with many add-on modules, which convert the single display stations to small / large buffet tables, reception desk, information booth etc. Use different stations and modules to make the setups to your requirements.

REVERSABLE UNITS

双面吧台

The multi-purpose stations with designer vinyl panels look both sides the same, they can be reversed and or used as island setups. The LED rim comes with many additional features and gives it a new look for different setups.

GREAT COCKTAIL BARS & FOOD DISPLAYS

No matter you want to make a small or large bar setup, or use them for snack, cocktail & dessert setups, they always enhance any F&B presentation.

A SIMPLE DESIGN WITH FLAIR & FUNCTIONALITY

Residential Look - Simplicity - Complete

Simplicity

This wood furniture give the buffet setups a simple residential look; a rustically veneer with matching colours and a straight forward design are the features of it.

Optional ambient cover available for the main stations; giving you more options as even the action stations can be used for multi-purpose setups.

The complete buffet line setup is available in Simplicity design; so you can create various different setups.

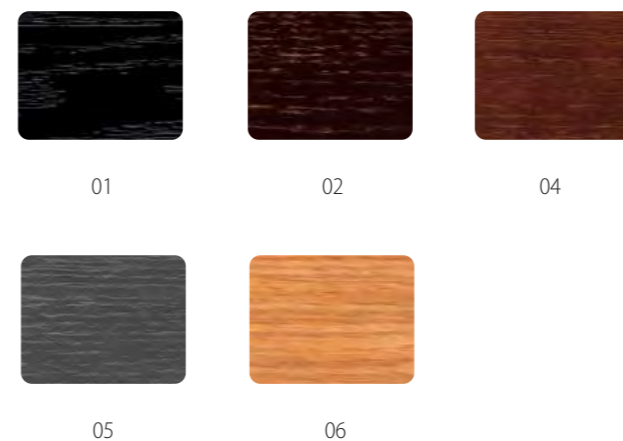

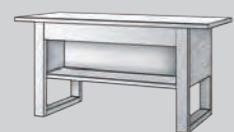

CHOOSE YOUR OWN COMBINATIONS FROM THE WIDE RANGE OF PRODUCTS IN THIS DESIGN. IT MAKES GREAT SMALL AND LARGE SETUPS.
